Core benefits

Trusted accuracy

Grounded in authoritative Thomson Reuters Westlaw and Practical Law content — not web-scraped data. Every answer includes citations for defensible arguments.

Seamless efficiency

Integrates directly into familiar workflows including Microsoft® 365 and available DMS systems. No disruptive change management required.

Enterprise security

Built on the Thomson Reuters global infrastructure with professional-grade data protection and compliance standards.

What sets CoCounsel Legal apart:

- Purpose-built for legal professionals by legal experts
- RAG technology ensures responses grounded only in trusted Thomson Reuters content
- Guided AI workflows intelligently suggest next best steps
- Curated legal prompt libraries eliminate guesswork
