ENHANCE THE VISIBILITY OVER YOUR LEGAL DEPARTMENT WORKLOAD

Legal Tracker provides a secure, single collaborative workspace to capture and manage matter related information for both internal and external matters.

- Track matter outcome, duration, predictive accuracy and lessons learned
- Upload files from your desktop and save emails from within Outlook
- Keep on top of deadlines by setting up alerts for case developments and upcoming tasks
- Collaborate directly with your law firms. Legal Tracker is currently connected to over 40,000 law firms globally
- Gain visibility at a group level by tracking work in all the jurisdictions that you operate in

DEMONSTRATE THE VALUE OF YOUR LEGAL DEPARTMENT

Legal Tracker provides powerful reporting tools enabling you to make data driven decisions and demonstrate the value of the legal department to the business.

- Choose from a range of pre-existing and customisable reports to analyse your legal work
- Generate automated reporting that emails reports to users as scheduled
- Identify trends such as volume, type of work, liability, exposure, spend and results
- Evaluate and compare the performance of your law firms

ACHIEVE GREATER TRANSPARENCY OVER EXTERNAL FEES

Understand and take control of your legal spend. Legal Tracker provides you with powerful tools to manage all the financial aspects of your department with ease.

- Legal e-bills provide you with actionable data to help you analyse your costs with invoices uploaded directly to Legal Tracker from your law firms
- Set and manage budgets directly within Legal Tracker that are in-line with your billing guidelines and agreed timekeeper rates, and be alerted when matters go over budget
- Save time and cost with automatic auditing of invoices
- Streamline your end to end billing process to achieve cost savings
