

Thomson Reuters Drafting Assistant

Your best work in less time, every time.

The intelligence, technology and human expertise
you need to find trusted answers.

the answer company™

THOMSON REUTERS®

Drafting Assistant works within Microsoft® Word to scan your legal documents intelligently in seconds, alerting you to errors, inconsistencies, missing information and more. Drafting, research and analysis tools are provided seamlessly within Drafting Assistant so you won't lose your drafting rhythm.

Avoid costly contract drafting errors and reduce risk by rapidly identifying and assessing potential issues, such as defined-term discrepancies, numeration errors and missing information.

Cut proofreading time in half and spend more time tackling the higher value, substantive client-specific issues that matter most.

Eliminate disruptions in your drafting workflow – integration with core Thomson Reuters legal solutions removes the need to constantly switch between applications.

Streamline your drafting – access Contract Express and Practical Law Fast Draft questionnaires, plus your assembled documents, directly from Word.

Produce documents that reflect the latest market practice – benchmark your legal documents and incorporate best-in-class precedent language from Practical Law Standard Documents and Clauses.

Ensure you are citing current law – check the legal status of your citations against Westlaw UK, without leaving Word.

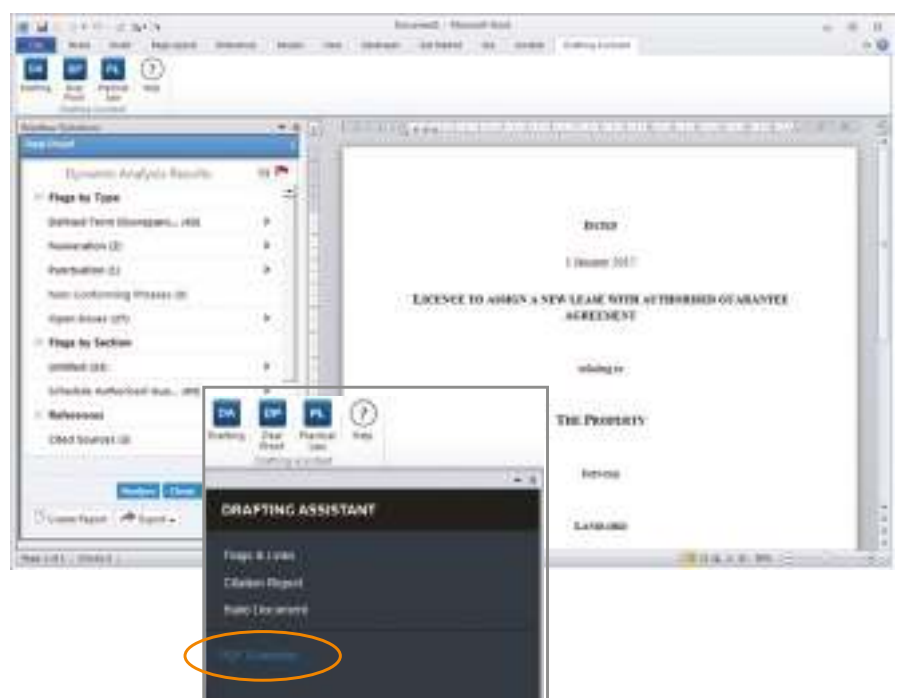

Increase efficiency. Reduce risk. Enhance your reputation.

PROOFREADING

Run the Drafting Assistant core analyser tool, Deal Proof, to instantly identify open issues, defined term errors, inconsistencies and more. Then jump to potential drafting mistakes to review and correct if needed.

Generate a report of the flagged items to review later or share with colleagues via email.

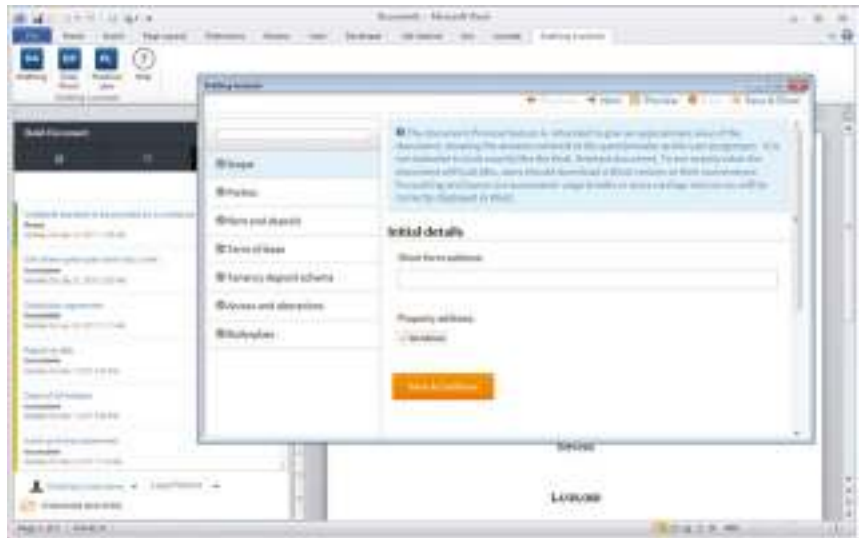

Tip: use the PDF Converter tool to convert text and image-based PDFs into Word format for analysing.

DOCUMENT ASSEMBLY

Generate documents from Contract Express and Practical Law Fast Draft templates* with the new Build Document tool. It also provides easy access to any contract or documents previously assembled through either solution.

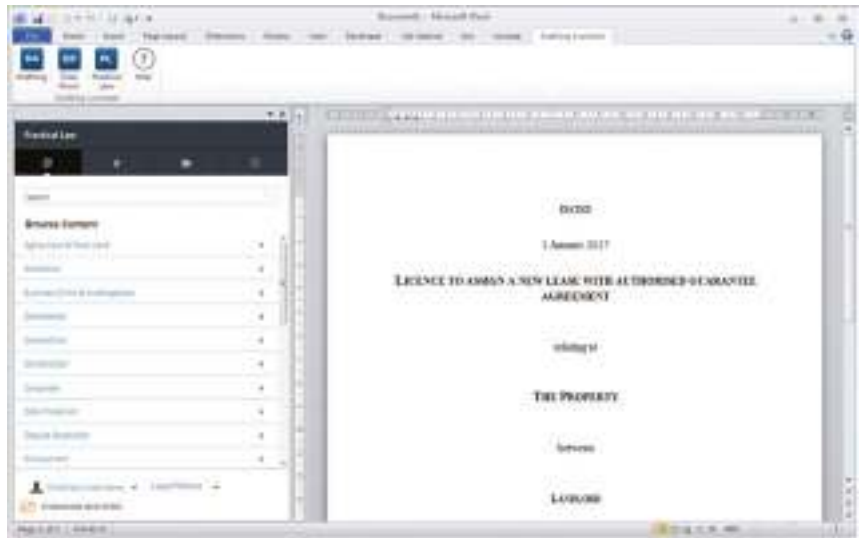

* Contract Express and Practical Law subscriptions required

PRACTICAL LAW INTEGRATION*

Search and access Practical Law Standard Documents and Clauses to quickly benchmark your document, get drafting guidance or cut and paste precedent language from the world's leading legal know-how service.

* Practical Law subscription required

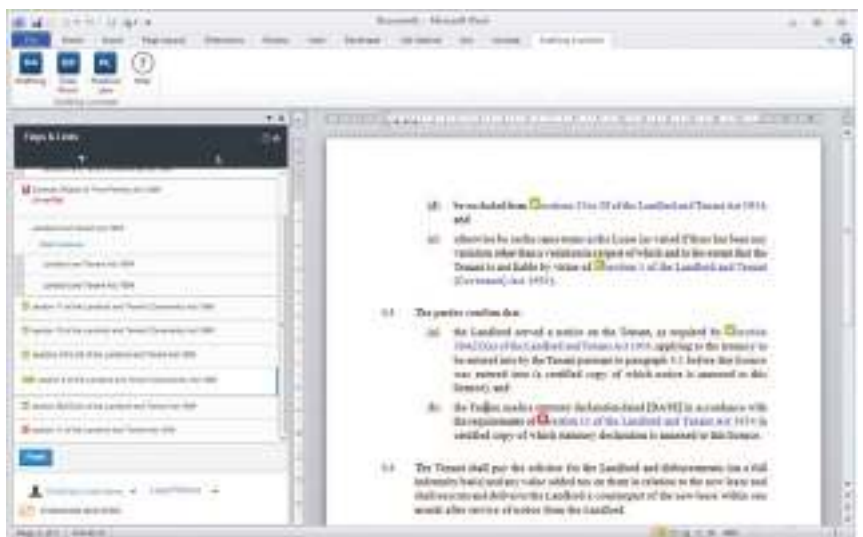

RISK MANAGEMENT

Check your citations at the click of a button thanks to integration with Westlaw UK*.

The citation-checking tool verifies the status of citations in your legal document and inserts links to the full text on Westlaw. This ensures that all citations used in your document are accurately referenced, still good law and up to date.

* Westlaw UK subscription required

THOMSON REUTERS CONTRACT EXPRESS

Before you proof your documents with Drafting Assistant, you'll want to have maximum confidence in the source material.

Contract Express, the document automation software from Thomson Reuters, is trusted by legal professionals to generate standard legal documents from easy to use questionnaires, reducing or eliminating the delays, costs, bottlenecks, and risks inherent with manual drafting.

Use Contract Express to generate first drafts of legal documents from automated templates allowing you to work on higher value negotiations, non-standard matters, and realisable matters. The result is a more efficient, more consistent and more compliant legal service.
